

**PLEASE BE ADVISED:** Oil Filter **PG5247** comes with *two* gaskets. The correct gasket for each vehicle must be used to prevent an oil leak.

**ONE GASKET PER APPLICATION**

Please consult product guide for a list of applications. The illustrations below should be utilized for reference purposes only.

**WARNING:** Fitting the incorrect gasket may result in an oil leak. After installation, run the engine for several minutes and thoroughly examine for leaks.

**Volvo & Land Rover applications**

**BMW & Ford applications**
